WHAT'S UP: OMG - That's a broad question! Are we talking about the last 50 years or more recently? Assuming the latter, I retired from Real Estate in 2011. Still into the Cubs (yes, I know, nuts), computers (recently learned Apple), my Tonkinese cats (used to breed and show them) and dark chocolate. For more of the story, just ask me.

MEMORIES: Many, many things. But one that stands out (perhaps because we did it two full semesters), carpooling with Renee Bryer and Audrey Levine our senior year. Such fun, especially when Renee drove her red Skylark convertible! Other things that stand out are the many 'firsts' too numerous (and in some cases too private) to mention.

WHAT'S UP: We live in Arlington Heights with a lake behind us. We love to watch the sunrises, reflections of the sunsets, boat rides, fish, swim in the lake, ice skate, have s'mores with our family and friends. When I was growing up I would meet my great-aunt Ada downtown, Chicago, and she would take me to Marshall Fields and have lunch under the beautiful tree at Christmas time. We have taken our children and grandchildren downtown for 24 year now and eat next to the tree. After we see Santa at Macy's, we now go skating at Millennium Park. These past two years, Chuck and I brought at least 19 pairs of skates in two suitcases for all our family!!! Our son, Jim and daughter, Chris live in Indianapolis area and we travel there a lot to see 7 of our grandchildren play sports and other activities. Our other two daughters, Jeannine and Carlene live close by to us and we enjoy seeing the other 8 grandchildren with all their activities, too. Church and I have sung in our church choirs ever since we were teenagers. We attend Northbrook Covenant Church.

MEMORIES: I graduated from Fairview Grade School. I had wonderful friends. Diane Alder and Michele Lazar were my best friends. We were cheerleaders together. As soon as we got home from school, Diane and I would turn on American Bandstand and learn all the dances together. Mr. Auge was our music teacher. He made singing fun. I think that is where I truly learned to appreciate music. He became the music director in Niles High School. When I tried out for Lorelei, I reminded him of how wonderful he was to inspire me to sing. I made it into Lorelei's!!! I was looking so very forward to seeing Diane at the reunion, but she passed away last summer. I loved being in Redskins' Review, performing "Pillow Talk" with Diane and my friends, and then "I'm Just a Girl" with Michele. I loved singing in choir and being in the plays. Senior ditch day was memorable when we all went to our friends house who lived just a few blocks from school and we ALL called the school for each other saying that person was sick, (we pretended that we were the parents). Dr. Mannos saw some of us walking from the bus at school to the house. They put two and two together and brought the police over to the house!! Some tried to climb out windows to get away. We all had to go to the gym and listen to a "talk" and then had to have our parents call the school the next day to let them know we told them. It was crazy fun and I use that story as an example to my grandchildren of what not to do in high school. I loved going to football games, being in senior cabinet and working on the senior breakfast and helping build the homecoming float and being in the parade. My husband, Chuck, went to senior prom with me and I had the best time. I thank all of my friends for making my high school days fun and memorable.

WHAT'S UP: I have lived in Nashville and been at Vanderbilt for 36 years. After 42 years of practicing medicine (hematology and oncology) I went to part time (about 10 hours a week) a couple of years ago and started writing fiction (mystery with a large dose of humor). I am not going to make money like J.K. Rowling, or win any writing awards, but my aim has been to write stories that people enjoy and that get reasonable reviews and I have succeeded. No Cause for Shame and Reasonable Degree of Certainty are available at amazon.com and barnesandnoble.com. If anyone buys one and likes it, I'll be glad to sign it at the reunion, and if you don't like it, I'll buy it back.

MEMORIES: 1) As a non-jock (understatement) but a sports fan, having the football team winning the league championship our junior year. 2) Building a homecoming float that became a wind tunnel and essentially dissolved in the rain. If I had had any interest in being an engineer that would have been the end. 3) Being part of the It's Academic Team senior year because while it was only a TV show, we beat New Trier and it reflected well on what was a new school at the time.

Have given form and quality to my being.

School of Journalism, I worked as the news room assistant at WLS-TV, where I met a very handsome news writer, Stu Schwartz. The rest, as they say, is history; we are celebrating our 45th wedding anniversary the end of this year. We moved to New York, had a couple of kids, and I worked as an editor and account executive for a publishing company. In the early 90s I decided to go back to school and earned a master's of Arts degree from Hebrew Union College, the Reform Jewish Seminary. I wrote a couple of books on Jewish subjects and got a job as Adult Learning Coordinator for the Union for Reform Judaism, the congregational arm of American Reform Judaism, retiring in 2008. After my daughter had a baby in 2011 we sold our home in Northern New Jersey and moved to Potomac, Maryland, 20 minutes away from our daughter and grandson. Jonah is the delight of our lives; we get to see him several times a week.

MEMORIES: Trying to make it on time from class to class in what seemed like no time at all.
